

Ashley Kenneth Allen is proud to announce his campaign for Madison, SD City Commission. In the coming days and weeks, he will be reaching out to Madison residents to discuss the future direction of our community and identify the issues that are most important to voters. Allen will be a new voice and leader for the future of Madison, SD.

Allen grew up in Madison, SD and has lived here most of his life. His family currently resides on North Maplewood Drive near Totland Park and have owned their home in Madison for almost 10 years. His children attend the Madison Central School District and his wife works for the Madison Hospital.

Allen graduated and received his High School Diploma from Madison High School. Allen is also a Dakota State graduate, receiving a Bachelor of Science degree in K-12 Computer Education and Computer Networking. He is CompTIA A+ Certified and also a “Highly Qualified” Teacher (according to the government). Allen is Epic ADT/Prelude/Identity/TED certified. He is currently employed as the Principal Systems Analyst in the Epic Patient Access department in the Information Systems group at the Children’s Hospital of Philadelphia. Allen is able to work remotely using technology and currently works from his home office 85% of the time.

Allen spends his days with his wife and three daughters living in Madison, South Dakota. He enjoys spending time outdoors enjoying the beauty of South Dakota and experiencing the weather of all four seasons. His family is involved in many activities in the area. The Allen 5 family cheers for the Madison Bulldogs, Dakota State Trojans, the Minnesota Vikings, and the Minnesota Twins.

As City Commissioner, Allen will work tirelessly to address the issues facing Madison. He will bring a fresh, new perspective to the City Commission and promises to stand for families, not corporations. Allen believes that aging city infrastructure, economic development, retail development, and quality of life initiatives should be brought back into focus and streamlined. He believes the city should develop and execute a new “2025” city plan to be a catalyst to jump start major projects in the next 10 years.
